

## Proposal Page

Budget Delegate	Ingrid Campbell	Idea #:	798
		ID:	5
		SVI:	2
		Budget:	\$900,000
Location	McFerrin Park 310 Grace St. Bus shelters at Dickerson Pike & Grizzard Ave. SB and NB		

### Short Description:

Updates to McFerrin Park: Replace aging playground equipment including accessible options and add bus shelters at Dickerson Pike & Grizzard Ave.

### Long Description:

Propose a major upgrade to McFerrin Park playground. The Park's playground equipment has several issues ranging from antiquated equipment to rust. Create a recreational ground that accommodates all age groups with equipment to stimulate the sensors, and engage those with mobility challenges. The new area should be inclusive offering ADA-compliant swing options, wheelchair-accessible turf, Autism friendly activities, and hearing-impaired options; safety and age-appropriate structures (2-5 yrs old and 5-12 yrs old), benches to sit, and trees for shade. The requested improvements will contribute to a child's development by engaging in mental and physical stimulation. **\$700,000.**

Request to add bus shelters at Dickerson Pike & Grizzard Ave. SB and NB. It will serve a high pedestrian area with many marginalized and disenfranchised residents dependent on safe public transportation. As a result, this will reduce frequent pedestrian/vehicular deaths. **\$200,000.**

### Metro Comments:

- Replace the present playground with a new 5-12 playground.
- Install a new 2–5-year-old playground.
- Redo the swings and put new swings with a different attenuation surface.
- Add an area for benches and a shade structure over those.

*This project page has been curated by a budget delegate, drawing inspiration from ideas submitted by Nashville residents until June 20, 2023. It has been shaped with initial input regarding scope and budget from a Metro department. While Metro is committed to adhering to the specified scope, adjustments or even the potential elimination of certain aspects may become necessary during implementation, influenced by site-specific or unforeseen conditions. Furthermore, the projects' funding source is from the American Rescue Plan Act (ARPA), which current guidelines require all ARPA-funded projects be completed by December 2026. Should any project be delayed or expected to be delayed beyond this deadline, it shall be subject to elimination. The implementation timeline will be rigorously monitored to ensure compliance with this crucial requirement. Any prospective alterations to the project*

*will be subjected to rigorous scrutiny and resolution by the steering committee during their regularly scheduled meetings.*
